EDUCATION

LNM Institute of Information Technology 2023 - 2027

B.Tech. - CSE | CGPA: **8.34** / **10**

Amity International School, Ghaziabad 2022

12th | CBSE | Percentage: **93** / **100**

Amity International School, Ghaziabad 2020

10th | CBSE | Percentage: **93** / **100**

KEY EXPERTISE

C++, C Java SQL Javascript HTML/CSS ReactJS NextJS NodeJS Express.js MongoDB Git Figma Devops Python

INTERNSHIPS

Uniconverge Technologies Pvt. Ltd. | IT / Computers - Software 26 May, 2025 - 07 Jul, 2025

Frontend Web Developer

Key Skills: HTML MongoDB Express Linux React Javascript Pandas CSS SQL Github

Developed a dynamic and responsive chart dashboard using React, enabling users to add, configure, drag, resize, and convert various chart types within an interactive grid layout. The dashboard supports integration with device and API data, along with real-time configuration through editable forms. Implementation of features such as chart type conversion, IP address validation, and user feedback mechanisms for data fetching status. The UI is designed to be intuitive and flexible, supporting seamless interaction and customization.

PROJECTS

Draggable, Resizable and Responsive Dashboard – Frontend Development

Key Skills: React, ECharts, Tailwind CSS, GitHub, Vercel.

Project Link: https://github.com/sajaljaggi/responsive-dash

• Built an interactive chart dashboard leveraging React and react-grid-layout, allowing users to dynamically add, reposition, and resize charts within a fully responsive grid system.
• Integrated live data feeds from APIs and devices, enabling real-time updates via customizable form inputs.

InsureQuery RAG Assistant – LLM-powered Insurance Query System

Key Skills: Python,PyPDF2, Streamlit, ChromaDB, Groq API, LangChain, PostgreSQL, Git, CI/CD, HuggingFace.

Project Link: https://github.com/sajaljaggi/RAG-document-processor

• Developed a Retrieval-Augmented Generation (RAG) system enabling users to query complex insurance policy documents in natural language with accurate, context-aware responses
• Implemented document parsing, chunking, and embedding storage using ChromaDB; integrated Groq APIs for response generation with hallucination prevention strategies
• Designed RESTful APIs for query processing and document management.
• This system ingests documents, converts them into semantically meaningful vectors, and upon user query, retrieves relevant clauses and reasons over them to render an approval decision with clear, human-readable justifications.

House Price Prediction System

Key Skills: Python Pandas Numpy Feature engineering jupyter notebook Matplotlib Scikit-Learn

Project Link: https://github.com/sajaljaggi/House-price-prediction.git

This project involves building a machine learning model to predict house prices based on various features. The dataset used for this project is from the Kaggle competition "House Prices - Advanced Regression Techniques". The goal is to develop a model that accurately predicts house prices given a set of input features, applying feature engineering and cross-validation.

Carbon Footprint Tracking System via IOT Networks

Key Skills: React TypeScript Tailwind CSS NodeJS Express SQLite

Project Link: https://github.com/sajaljaggi/sdl_dashboard

CarbonSense is a full-stack dashboard application designed to simulate and analyze urban carbon emissions and air quality. It provides interactive visualizations and policy evaluation tools to help understand environmental impact.
The platform integrates a simulation engine and recommendation system to suggest strategies for reducing emissions. Built with React, TypeScript, Vite, and Node.js, it combines data visualization with environmental analytics.

POSITIONS OF RESPONSIBILITY

Marketing Head | Vivacity ' 25, LNMIIT

Led sponsorship and brand outreach for the annual cultural fest, securing partnerships with major companies and local businesses.

PERSONAL DETAILS

Gender: Male
Marital Status: Single
Current Address: C1/1003 , Olive County, Sector-5, Vasundhara , Ghaziabad , 201012 , Uttar Pradesh, Ghaziabad, Uttar Pradesh, India - 201012
Email: 23ucs695@lnmiit.ac.in

Date of Birth: 07 Jun, 2004
Phone Number: +91-8800107299
